Class Meeting

During class meeting time we have been discussing how it feels to be bossed around. We have done some role-playing to help the girls develop more strategies to help them in situations when they feel someone else is telling them what to do.

We continue to have our mix-it-up lunches every Wednesday. The girls enjoy eating lunch and playing at recess with a special partner and we feel this is fostering new friendships. Some parents have expressed a desire to try "mix-it-up playdates." We think this is a terrific idea and encourage you to schedule playdates with girls your daughter does not know very well.
