

Math

Students are building number sense skills by

- ★Playing double compare with dot and number cards to practice addition
- ★Listening to, visualizing, and illustrating story problems
- ★Playing Roll and Record to practice number writing, sequencing, and addition

Social Studies

In an effort to get to know faculty and staff on campus, students are preparing interviews. They are preparing by

- ★Brainstorming lists of people they would like to get to know
- ★Brainstorming possible interview questions
- ★Practicing interview skills with classmates in Tech and in 1B
- ★Superstar: Maddie Bailey

Language Arts

★Sight words: small, ride, out, no, saw, very, want, two

★Sounds: Short vowels /o/, /u/

★Continuing to write personal narratives and learning how to draw upon their own personal experiences for topics

★Handwriting

★Discussing story, plot, and character

★Adding /ed/

Important Information

- ★Please remember to sign up for your November conference!
- ★Students will participate in a Diwali celebration, November 4 in the afternoon.
- ★Families Event, Nov. 19

Class Meeting

Class meeting topics have focused on friendships, playground interactions, and lunch room interactions. The students bring up concerns and brainstorm solutions with each other and teachers.

Students have an opportunity to sit with new friends during "mix-it-up" lunch. Each child has a "bump buddy" and "high-five buddy" from their home room class. They also have a "handshake buddy" from the other first grade class. Teachers circulate the lunchroom during mix-it-up lunch to help students navigate new friendships.
