

Families wishing to schedule a student visit to Bay should fill out the

- Part 1 Form
- Visit Supplement Form

Both forms are available on our website as [one combined PDF](#). **After they submit these forms to our admission office (either to admission@bayschoolsf.org or mailed to 35 Keyes Ave, San Francisco, CA 94129), we will contact the families to set up both the student visit and interview.**

A few things to note:

- **No application fee is required to schedule a student visit.** Students who complete the Part II for the January 14, 2010 deadline still need to submit a fee (or request a fee waiver) to complete their applications.
- The Part I form is almost exactly the same as the standard Part I form, except we moved the question about why your child is a good fit for Bay to the Part II form.
We are trying to accommodate as many students as we can.
Families should still submit their forms early in order to secure a space.
